

SWITCHING TO A SAFER TOMORROW

2024

PRODUCT & PRICING MANUAL
EDITION-01

A ONE STOP
SOLUTION FOR
ALL YOUR
HOUSEHOLD
ELECTRICAL
NEEDS.

K9 is one of the leading companies in India, established in the year 1972, and is today India's one of the oldest and most experienced in the field of electrical wiring devices.

A few decades ago an idea to build an organisation that would produce electric products & accessories to fulfill the electric needs of every household with style, versatility, and panache was launched.

Today K9 is renowned for its extensive range of electric products and accessories that cater to diverse preferences and tastes, be it your home or office space. All of our products are researched and created to be ecologically friendly while also having a certain aesthetic value and durability.

K9's core philosophy has always been the constant upgradation and innovation of its product portfolio. Continuing to retain its position as one of the leading companies, K9 has been innovating continuously to produce a range that's way ahead of the competition.

With clients' trust over the past many years, K9 is successfully able to stand tall in the market, delivering superior quality products. At K9, we accept change with open arms and embrace it with our creativity. We leverage international technology to ensure safety in the sector. With advanced technology, we keep our product line upgraded according to the latest requirements.

Collaborating with K9 means selecting to opt for a forward-thinking vision. Join us and experience the rays of innovation with every product.

Perfect Décor Choice

Modern switches, sockets and accessories for residential and commercial complexes

The EURO Series is a versatile product line created to meet the needs of electrical installations in contemporary buildings. This range features switches, sockets, fan regulators and dimmers, hospitality products, communication sockets, cover plates, and more. With standardized module sizes for components like switches and sockets, these can be easily mounted on frames.

PRISM

IRIS CHROME

IRIS CHROME / PRISM

IRIS Chrome cover plates exemplify the perfect blend of architectural creativity and endurance. This fusion has resulted in safe, durable cover plates that are also celebrated for their distinctive look and design. We offer two variants: white with a steel border and black with a golden border. The white cover plate boasts a unique appearance, while the black plate presents a bold aesthetic look. Both options are highly sought after, as consumers choose based on their personal taste and preference.

PRISM cover plates combine sleek, modern design with durability and performance. Featuring minimalist matte finish, these plates are available in three popular colors - white, black, and natural teak. Their high demand is a testament to their timeless appeal and versatility. **PRISM** cover plates are known for their robustness and enduring style, ensuring they remain a staple in contemporary design.

ASIAN TIMBER

ASH WOOD

I-Wood Chrome cover plates are crafted specifically for orthodox wooden concealed boxes with a wide body design. Their simple and ethnic appearance makes them highly desirable to customers who prefer mounting our cover plates on wooden concealed boxes. Customers can choose from three options - White, Asian Timber and Ash Wood. All three colours are unique and provide an attractive look to the cover plates making them more appealing.

VOGUE

STELLA CHROME

STELLA CHROME / VOGUE

Stella Chrome Cover Plates are an ideal choice for those looking to combine modern aesthetics with durability. With their sleek steel border, these cover plates bring a refined and sophisticated look to contemporary interiors. The design features simple, trendy lines and rounded corners, which contribute to a clean and elegant appearance. Offered in classic white and bold black, Stella Chrome cover plates offer versatile color options that fit seamlessly into diverse decor styles. The steel border not only enhances their visual appeal but also making these cover plates a practical yet stylish addition to any home.

Vogue Cover Plates combine simplicity with cutting-edge design, offered in two adaptable colors white and black. These cover plates feature rounded corners that contribute to a sleek, contemporary appearance. These cover plates offer a more minimalistic and refined look. Despite their simplicity, the elegant design & durable materials offered by Vogue cover plates appeal to a wide range of users looking to enhance the aesthetic appeal and functionality of their living spaces.

ULTRA CHROME

ULTRA CHROME

Ultra Chrome Cover Plates featuring straight corners and chrome borders. Ultra Chrome cover plates are known for quality, durability and functionality. It includes three varieties of cover plates- White, Metallic and Wood Finish.

They are purchased by customers, who want to add a bold and royal look to their walls with electrical products. Overall, all Ultra Chrome Cover Plates are highly sought after for their elegant designs and dependable performance, making them a popular option for enhancing interior decor with both functional and stylish electrical components.

ULTRA CHROME

Available Colours

PEARL WHITE

GREY

AFRICAN WENGE

ROSE WOOD

Ultra Chrome range includes three varieties: White, Metallic Grey, and Wood Finish.

White Cover Plates: Featuring a simple and clean design, these plates are available in Pearl White, which is the most understated option. This minimalist look is ideal for those who prefer a sleek and unobtrusive appearance for their electrical fittings.

Metallic Grey Cover Plates: These plates offer a slightly darker shade with a metallic finish, enhancing their visual impact. The grey tone provides a modern, sophisticated touch, making these cover plates a stylish choice for contemporary interiors.

Wood Finish Cover Plates: Offering a warm and natural look, this variety includes options like African Wenge and Rose Wood. These choices cater to those who seek a rich and luxurious aesthetic for their electrical installations.

AMAZE

AMAZE

Amaze cover plates are distinguished by Chrome borders and metallic and wood finish colours. The combination of chrome border and metallic or wood finish provides a bold yet elegant look, which attracts customers especially those looking for unique cover plate options. While being superior in terms of creativity, Amaze cover plates are acknowledged for being durable and in good condition for a longer time. These features can be attributed to the use of most recent electrical engineering knowledge in making the cover plates. Overall, these benefits have increased Amaze's demand in recent years.

GLASSIK

GLASSIK

Another one-of-a-kind cover plate range is Glassik.

Glassik cover plates are notable for their glass finish, which provides a radiant and aesthetic look that is valued by customers looking for exclusivity. Although the cover plates are delicate, they have sufficient sturdiness to remain attached to the walls for a longer time. This makes them durable. The glass shine also persists after prolonged use. Altogether, these features have increased demand for Glassik cover plates.

GLASSIK

ELEVATE YOUR INTERIOR DESIGN WITH OUR GLASS COVER PLATES,
COMBINING SLEEK, MODERN AESTHETICS WITH THE TIMELESS
ELEGANCE OF REFLECTIVE SURFACES.

ENGINEERED FOR SAFETY AND RELIABILITY

MINIATURE CIRCUIT BREAKER

K9's miniature circuit breaker (MCB) automatically opens to prevent excess current flow in the circuit. The MCB switches are made using latest technology, which guarantees precision performance thereby, averting hazards in times of excess electricity flow. MCBs are available in different types- single, double, triple and four pole.

single pole + neutral, triple pole + neutral, double/four pole residual current circuit breaker and double/four pole changeover. We also produce double/four pole isolator. Our MCBs last longer and are safest to use.
